

# **iC group of companies**

Technical field Technical Building  
Equipment

We are experts in complex engineering projects, providing interdisciplinary & technical solutions.

[www.ic-group.org](http://www.ic-group.org)

Integrative solutions for complex engineering projects based on a broad spectrum of experience and international know-how

---

# A strong foundation.

As a company of chartered engineers, iC is a licensed expert in the following areas:

**Civil engineering - structural engineering**

**Mechanical engineering**

**Forestry & wood management**

**Earth sciences**

**Electrical engineering**

**Environmental engineering & water management**

**Interdisciplinary expertise  
helps us keep our finger on  
the pulse.**

**Project planning and computation**

**Tendering and award of contract**

**Project management**

**Control and monitoring**

**Surveys and consultancy**

**Due diligence**

---

**Passion & principles  
are not opposites.**

iC has a certified **ISO 9001-2015** and **ISO 14001-2015** quality assurance program in place.

According to iC's policy, which is based on the **Compliance Management System**, our business activities are conducted strictly in line with all applicable laws, rules and regulations.

Technical Building Equipment

# Services

- Planning and technical construction supervision
- Accompanying control (deadlines, costs, quality)
- Technical expertise and consulting services
- Electromagnetic fields (EMF) in power engineering
- Technical due diligence and project audits
- Specialization in hospitals, educational facilities, tunnel projects and district heating

Technical Building Equipment

# Renewal Cooling Plants UZA II

## Project Overview

**Client:** University Vienna

**Location:** Vienna, Austria

**Timeline:** 2019–2021

**Services:** Project management, local construction supervision for the trades HVAC, ET, structural engineering

Technical Building Equipment

# Archdiocese of Vienna - Reconstruction Archbishop's Palace

---

## Project Overview

---

**Client:** Building office of the Archdiocese of Vienna on behalf of various organizational units

---

**Location:** Austria

---

**Timeline:** 2005–2012

---

**Services:** Planning, tendering and site supervision for structural engineering, building physics, electrical engineering, HVAC, instrumentation and control, safety, noise and vibration
